

I Love America

Music and Lyrics: Joe Giangrasso & Steve Petruzzella

Yankee Doodle (Melody)

NEED 4 more bars for comedy

(Chorus)

I love America the land of the free
Sing out and ring the bell of liberty
One nation founded on democracy
This is the home of opportunity

I..... I Love America

I..... I Love America

Yankee Doodle (Melody)

NEED 2 more bars for comedy

(Verse 1)

Things in the past can teach us a lot
they show us where we've been
We've got the key to history's door
Come on lets walk right in

We'll see

A declaration of independence
and men who walk on the moon
Skateboards, baseball, Carnegie Hall
and Mickey Mouse cartoons

(Verse 2)

People have come from all over the world
To make this land their home
Inventors, Laborers, Scientists
Some famous some un known

People like

Orville and Wilbur Wright, Fulton and Ford
Franklin and Jefferson,
Martin Luther King, JFK,
Thomas Edison

(Chorus)

I love America the land of the free
Sing out and ring the bell of liberty
One nation founded on democracy
This is the home of opportunity

I..... I Love America

I..... I Love America

I..... I Love America

I..... I Love America

Yankee Doodle (Melody)
